

IN PARTNERSHIP WITH
EQUALIS AND

Wollongong College Australia

MDS TRAINING CENTRE

MDS Training Centre offers flexible and competitively priced training, and can work with you to establish your training needs and meet the requirements of your organisation.

QUALIFICATIONS

MDS Training Centre provides a range of nationally recognised qualifications from Certificate I to Diploma level. Courses include *Certificate IV Training and Assessment*, *Certificate IV Frontline Management*, and a range within Community Services. We can be very flexible in our course construction and delivery to best suit your requirements.

SHORT COURSES

In addition to our regular short courses, we can individually tailor programs to your needs. We use practical case studies and scenarios based on real life experiences.

RPL/RCC

We can assist you to achieve a nationally recognised qualification via a recognition of current skills and prior learning with the development of a portfolio of evidence.

TRAINEESHIPS

Skill your staff with a nationally recognised qualification, with the potential for your organisation to receive Government sponsored funding. Traineeships can be developed for one or more participants and begin any time.

CONSULT WITH US

We can meet your training needs using a variety of learning and assessment methodologies. Contact our Training Centre Coordinator Jaye Toole for a free consultation session.
